

Suzanne Sedlacek

September 3, 1949 - September 28, 2024

It is with great sadness the Village of Waterman Board announces the passing of Trustee Suzanne Sedlacek. Suzanne was head of the Public Safety Committee and proudly served on the Buildings and Grounds, Zoning and Police Special Hiring Committees. This was Suzanne's second term on the Waterman Village Board.

Suzanne was a resident of Waterman for over 39 years and was an extremely active member of our community, volunteering on many committees, most notably as Secretary for the Waterman Lion's Club for years. If there was a need for a volunteer, Suzanne was your gal. She jumped in with both feet any time she could help. She truly loved her community. She spoke of Waterman with such pride. She was a staple with the dog community and loved getting to know all the dogs in Waterman through her dog walking business.

Suzanne was an advocate for the earth and all its creatures. She took her green initiative very serious and never missed an opportunity to recycle, reuse, or reduce. She was sure to educate you on these topics.

As one acquaintance of Suzanne said when informed of her passing, "She enjoyed educating me on all things dogs & horticulture. I will miss chatting with her. Hopefully we get a good hard winter because she lectured me on why we need them!" That was Suzanne.

Suzanne exemplified living life to the fullest. She will be dearly missed by all of us.
