Committee discussed ordinance 2020-02 Sidewalk Repair and Replacement. Committee will recommend the following wording be added to 6-1-3:

Where public sidewalk is removed or damaged as part of a construction project, it shall be the responsibility of the property owner that caused such work to take place, to replace or repair the sidewalk as necessary. Any replacement of gravel or reseeding in public ways caused by this project will be the responsibility of homeowner that caused such work.

We will be working with Village Engineer Curtis Cook to create a 3-year paving program. The first step will be to create a street inventory. Chastain Engineers will assist in this process.
